April 15, 2026

Jenner & Block sponsored the 14th Annual Center for Reproductive Rights Gala in New York. The gala celebrated the impact of the Center for Reproductive Rights (CRR), a global nonprofit organization whose mission is to use the power of law to advance reproductive rights as fundamental human rights around the world.

The firm was featured alongside other leading firms in a special video presentation that showcased the power of CRR's pro bono network, centered around the message: why firms chose to stand with the Center during this critical moment for reproductive rights and the legal profession.

Jenner & Block has been proud to partner with CRR on a number of legal matters and projects, including a case on behalf of the Red River Women's Clinic and amicus strategy in the *Alliance v. FDA* case in Minnesota.
