

Partner Michael Vernick to Speak at NACUA's 2026 Annual Conference

Event

July 1, 2026

Speakers: Michael Vernick

On July 1, Partner Michael Vernick will speak on a panel at the National Association of College and University Attorneys (NACUA) 2026 Annual Conference in Nashville.

The session, titled "Managing Research Security and International Engagement Risks in a New Era of Oversight and Enforcement," will address the evolving regulatory environment facing research institutions, with a focus on how legal, compliance, and administrative functions can work together to support effective oversight.

Mike is a leading authority on legal frameworks governing federal research funding, False Claims Act (FCA) enforcement and a dedicated advisor to universities, research institutions, and academic medical centers. His practice centers on compliance risk management, white-collar investigations, and enforcement matters for institutions receiving federal grants and contracts, as well as entities in the defense and life science sectors
