

Partners Suedeek Kelly and Laurie Edelstein Speak at 2026 Energy Bar Association Energy Forum

Event

October 8, 2026

Speakers: Suedeek G. Kelly, Laurie Edelstein

On October 8, Partners Suedeek Kelly and Laurie Edelstein spoke on panels at the 2026 Energy Bar Association (EBA) Energy Forum.

Suedeek joined the session “Energy and Transmission Development: Where Do Tribes Fit In?” The panel addressed the role of Tribes in the planning and development of energy transmission. A former commissioner of the Federal Energy Regulatory Commission, Suedeek advises clients on energy regulatory and transactional matters.

Laurie participated in the session “AI as a Grid-Enhancing Technology: Opportunities and Risks,” which explored how artificial intelligence (AI) can improve grid operations and the legal and regulatory risks that may come with its use.
