Overview

Dimitry Halvorsen assists clients with patent disputes, complex commercial litigation, and internal as well as governmental investigations. Dimitry plays a key role in conducting discovery including coordinating the collection, processing, and production of documents and electronically stored information (ESI), drafting review protocols, managing document reviews, and assisting with trial preparation.

Dimitry is fluent in Ukrainian, Italian, and Russian. He has represented several domestic and multinational clients in complex matters involving foreign entities and jurisdictions. He also maintains an active pro bono practice representing individuals in immigration matters. Prior to joining Jenner & Block, Dimitry worked with several top-tier law firms focusing on e-discovery.
