Overview

Precious Jacobs defends her clients against large breach of contract and consumer class actions in the technology, energy, food and beverage, and financial services industries. Clients hire Precious not only to provide counsel for their current legal needs, but also to evaluate their business strategies and advise on long-term business goals as they may intersect with issues in any pending or threatened litigation.

By helping clients understand the rapidly evolving litigation issues in their industry, Precious helps them prepare for changes ahead. Precious has handled every aspect of the litigation process in a variety of forums in major consumer class actions and complex commercial contract disputes between companies.

Precious maintains a robust pro bono practice and serves on Greater Chicago Legal Clinic's Board of Directors. She worked with a team to create a pro bono partnership between Jenner & Block, a firm client, and the Transgender Legal Defense and Education Fund to help obtain legal name changes for transgender, gender non-conforming, and non-binary people. She has also advocated for women's rights through the #MeToo Movement by representing women who have been subjected to sexual harassment and assault in the workplace.
