

Our Alumni

As a member of our alumni community, you are not only part of the firm's rich tradition of excellence, but also a part of the Jenner & Block family. From judges and general counsel to professors and entrepreneurs, our alumni exemplify Jenner & Block's core values as they shape what's next, with a deep seeded commitment to excellence, pro bono and community service, and to inclusion and belonging.

We are invested in you as individuals, as well as in your continued success beyond Jenner & Block. As alumni, you have access to a variety of resources including firm-sponsored networking events, continuing legal education programs, pro bono opportunities, and practice-specific conferences at each of our offices. The firm provides career assistance resources, including access to career coaching on request.
