

# “FCC’s Digital Opportunity Data Collection,” FCBA

## Event

March 11, 2021

Jenner & Block Partner Rebekah P. Goodheart moderated this panel, which focused on the Federal Communications Commission’s recent revamp of its collection of deployment and coverage data for fixed and mobile broadband providers. Panelists provided an overview of the Digital Opportunity Data Collection and highlighted changes from the Form 477 process. They also discussed requirements for both fixed and mobile providers and described how filers and practitioners can prepare for the changes.
