

“Helping Principals (and Sureties!) Mitigate False Claims Act Risk,” NASBP

Event

March 24, 2021

In this webinar, Jenner & Block Partner David B. Robbins and Associate Eric K. Herendeen highlight the False Claims Act, the current state of the law, and how producers and sureties can help principals avoid False Claims Act risk in the first place. They offer common-sense tips that should be minimally intrusive, allow for reasoned escalation of concerns, and – most importantly – help prevent False Claims Act violations from happening. Their webinar was recorded for the National Association of Surety Bond Producers and is available here. Mr. Robbins, co-chair of the Government Contracts and Grants Practice, advises clients on a range of litigation matters, including civil False Claims Act defense and more. Mr. Herendeen is an associate in the firm’s Government Contracts and Grants Practice.
