

Jenner & Block Statement on Russian Invasion of Ukraine

News

March 23, 2022

Jenner & Block condemns the Russian invasion of Ukraine in the strongest possible terms. The invasion has cost countless lives, caused horrifying human suffering, and has unleashed a humanitarian crisis across Europe. We express our deepest sorrow for the Ukrainian people. We are working to provide various forms of assistance to the Ukrainian government and people, including to refugees through our pro bono program. The firm will also match donations by employees to certain organizations that support the people and government of Ukraine. Our support for the Ukrainian people is consistent with the values that we live every day, as exemplified by our representation of clients who are adverse to regimes that violate the principles of international law. We do not work for the Russian government, Russian state entities, or sanctioned Russian entities or individuals.
