

# Energy & Environment Committee, 74th CSG West Annual Meeting

## Event

September 30, 2021

Jenner & Block Partner Suede G. Kelly spoke at this panel. Topics included: integrating the western electric grid, developments with integrated energy systems, and the use of advanced Small Modular Reactors. Ms. Kelly is co-chair of the firm's Energy Practice. She is a former FERC commissioner who represents clients in the electric and natural gas industries on business, regulatory, litigation, enforcement, and policy matters.
