

“State of Redistricting with Ohio and North Carolina,” League of Conservation Voters, North Carolina League of Conservation Voters, and Ohio Environmental Council

Event

April 18, 2022

Jenner & Block Partner Sam Hirsch will join a discussion about the fight for fair electoral maps. Mr. Hirsch and other panelists will offer an overview of the current state of play in these states and discuss the importance of fair districts. They will also discuss the role of the judiciary in protecting democracy and the environment and look ahead to redistricting in 2030. Mr. Hirsch was on the Jenner & Block team that represented the North Carolina League of Conservation Voters in its successful battle for fair election maps in North Carolina. In March, the US Supreme Court—in a 6-3 decision—denied a request by state Republican leaders to stay the redrawn congressional plan. As a result, the 2022 elections will proceed under the fair maps the team obtained. The virtual program starts at 2 pm Eastern. Please [click here](#) to learn more and register.
