

Implementation of the FCC’s Broadband Data Collection,” FCBA Wireline and Wireless Telecommunications Committees CLE

Event

May 2, 2022

Jenner & Block Partner Rebekah P. Goodheart will moderate a panel discussion on “Implementation Perspectives” on the Federal Communications Commission’s new collection of broadband maps known as the broadband data collection on May 9. Panelists Chris Wieczorek of T-Mobile, Mike Romano of NTCA, Christine Sanquist of Charter, Lynn Follansbee of USTelecom, and Brendan Haggerty of AT&T, will discuss stakeholder perspectives on the Federal Communications Commission’s broadband data collection and the challenges and opportunities they see. The panel is organized by the FCBA, an organization of lawyers and other professionals in the communications industry. The session will take place virtually from 3 to 4 pm ET.
