### Overview

**Stefano Viola provides clients with a thorough and efficient review of complex e-discovery processes and other reviews of legal and factual documents in different languages for a broad variety of issues and cases. These include monitorships, FCPA investigations, anti-trust and bankruptcy cases, and domestic and international internal investigations.**

Stefano brings an international legal perspective and high level of energy and enthusiasm. His legal practice includes assisting clients of all sizes in civil and common law countries. With over 10 years of discovery practice, he has helped in-house counsel deliver essential information regarding internal investigations and lawyers to identify crucial documents. Stefano's broad practice also involves assisting international banks and financial institutions in risk management and compliance.
