

“Compliance Issues in Cryptocurrency,” *The Guide to Compliance*

Publications

September 8, 2022

By: Kayvan Sadeghi, Lawrence W. McMahon

In their chapter for GIR’s *The Guide to Compliance*, Jenner & Block Partner Kayvan B. Sadeghi and Associate Lawrence W. McMahon explain that blockchain technology raises challenges to regulatory and compliance regimes. They provide an overview of those challenges and of the current regulatory landscape. Their focus is primarily on the United States, but they also explore a number of jurisdictions where the regulatory landscape and compliance regimes are evolving to address these challenges.
