

ALM Recognizes Jenner & Block's Nearly Double-Digit Growth in 2022

News

April 5, 2023

In an article titled “Jenner, Bucking 'Countercyclical' Pattern, Gets Double-Digit Growth,” Co-Managing Partners Katya Jestin and Randy Mehrberg discuss the firm’s 2022 growth: 9.7% revenue growth and almost 10% growth in profits. The article notes that “while the firm is known for government strategy, litigation and investigations, it also made some gains on the business transactions side during a slower deal environment.” The article highlights work including “the \$25 billion merger between supermarket chains Albertsons and Kroger; a \$46 million court victory in a music piracy case for record labels Universal Music Group, Sony Music Entertainment and Warner Music Group; and the bankruptcy of crypto lender Celsius, in which firm partner Shoba Pillay was the court-appointed examiner.”
