

“Crypto Panel,” American Bankruptcy Institute’s New York City Bankruptcy Conference

Event

May 24, 2023

Partner Shoba Pillay will offer her insights about failures across the crypto ecosystem that have caused many to question the future of the industry and ask whether the crypto boom was purely fueled by speculation. She and other panelists will explain industry issues, unique bankruptcy challenges, and what the future of the crypto industry might look like. Shoba was the court-appointed Examiner in the bankruptcy of crypto lender Celsius Network LLC and is a Co-Chair of the firm’s Data Privacy and Cybersecurity Practice, which provides holistic, proactive, and practical advice to clients in an evolving regulatory landscape.
