Welcome to the May 2023 edition of the Jenner & Block Japan Newsletter, a newsletter containing updates about legal developments in the United States that may be noteworthy to our clients and other leaders in the Japanese legal and business communities.

Our report today spans many different topics and begins with a look at the recent uptick in microcontaminant litigation. We explore the latest developments in antitrust law and the DOJ's prioritization on no-poach cases. We examine two issues in Labor & Employment: non-disparagement provisions and employee lawsuits to cover civil penalties. At the US Supreme Court, we analyzed oral arguments for two cases which recently took place before the court, one involving international trademark and one involving RICO. Finally, we discuss recent cases regarding duties related to cybersecurity risks.

We hope that you find the information in the Jenner & Block Report of interest, and we thank you for taking the time to review our publication.

Regards,

The Jenner & Block Team
