

“Energy Transition: Legal Issues,” FIA Forum: Commodities 2023

Event

September 14, 2023

Speakers: Suedeem G. Kelly

Partner Suedeem Kelly will join a conversation about the global energy sector’s shift from fossil-based fuel production and consumption to renewable energy sources, including opportunities such as new business ventures in offshore wind, electric storage, hydrogen, carbon capture, and merchant transmission; revenue sources; tax incentives; and financing. She will also discuss how legal and compliance departments can support forward-looking businesses.

Suedeem guides energy industry clients as they make challenging decisions in the face of changing federal, state, and local energy laws and policies. A former Federal Energy Regulatory Commission (FERC) Commissioner, she helps clients understand when to request approvals or file complaints, manage risk, participate in markets, comply with regulations, defend themselves in regulatory, legal and enforcement actions, and appeal decisions as needed.

The forum will be held in Houston, Texas, from September 13 to 14, 2023. Suedeem’s panel will be on September 14 from 11:15 am to 12:15 pm CT. [Click here to learn more and register.](#)
