September 2023

By: Miwa Shoda, Brent Caslin, Donald E. Batterson

Welcome to the September 2023 edition of the *Jenner & Block Japan Newsletter*, a newsletter containing updates about legal developments in the United States that may be noteworthy to our clients and other leaders in the Japanese legal and business communities.

Our report today spans many different topics and begins with a look at recent developments with non-compete laws. We also explore updates and trends in international arbitration laws, RICO, fintech, and patents, to name just a few.

In addition to our articles and legal insights, we would like to take a moment to update you on some recent recognition of Jenner & Block. Jenner & Block has been recognized as a leading firm in 33 practice areas in the 2023 edition of *Chambers USA*. The recognition includes practice rankings in 10 national and 23 state categories, including Band 1 for Litigation in California: General Commercial. Our Japan Practice Co-Chair, Brent Caslin, is one of the leaders of Jenner & Block's litigation group in California.

Furthermore, our Japan Practice Co-Chair, Miwa Shoda, was recently recognized for the following awards: **Top Women Lawyers** by the *Daily Journal*, which recognizes the "top performing women lawyers in California"; **2023 Top 100 Lawyers** by *Los Angeles Business Journal*, which recognizes the top law professionals in the Los Angeles area "for their ongoing efforts as outstanding legal stewards"; **Legal Visionary** by the *Los Angeles Times Business of Law Magazine* for the second year in a row; and **Leaders of Influence: Minority Attorneys** by the *Los Angeles Business Journal* for the second year in a row.

Thank you very much for your support. Our Japan Practice is committed to continue providing high-quality legal services to Japanese companies and lawyers.

We hope that you find the information in the *Jenner & Block Japan Newsletter* of interest. We thank you for taking the time to review our publication.

Regards,

The Jenner & Block Team
