

“Exoneration: a 28-Year Journey to Freedom with Lamar Johnson and Innocence Project attorney Charlie Weiss,” *Trial Tested*

Podcasts

November 2, 2023

In 1994, Marcus Boyd was fatally shot on his front porch, leading to the wrongful conviction of Lamar Johnson. In 2023, Mr. Johnson finally walked out of a Missouri courtroom as a free man, having served 28 years for a crime he didn't commit.

In this episode of *Trial Tested*, Partner Terri Mascherin interviews Mr. Johnson and American College of Trial Lawyer Fellow Charlie Weiss about the extensive investigation, legislation, and hearing that ultimately led to Mr. Johnson's exoneration.

Along with Charlie Weiss, Terri is a Fellow of the prestigious American College of Trial Lawyers, which sponsors *Trial Tested* to present discussions about life and law.
