Christine Braamskamp, Managing Partner of the London office was quoted in a recent article “What Really Makes Partner Material?” for *The Lawyer*. Christine emphasises the importance of continuous growth and mentorship in shaping successful partners. She highlights the role which partners must play in guiding associates and sharing client relationships, with an emphasis on creating equal opportunities. Among other comments, Christine notes, “Transitioning to partner takes time. We don’t expect our junior associates to have it all as they are in their own transition from being a law student to a more experienced, holistic lawyer.
