

# Global GRC, Data Privacy & Cyber Security ConfEx

## Event

March 21, 2024

Speakers: Rob Dalling

London Partner Rob Dalling will speak at the Global GRC, Data Privacy & Cyber Security ConfEx on March 21. This event will bring together legal and technology professionals for keynote addresses, case study presentations, round table discussions, and exhibitions. Attendees will have the opportunity to network and gain valuable insights into the latest legal industry trends.

Rob will join a roundtable session in the afternoon on “Staying Vigilant on Data Protection, Privacy, and Handling”. The discussion will cover the approach of compliance departments when dealing with complex customer data, including risks in its storage and transfer, as well as looking at how regulatory engagement can help to reduce data privacy risk.
