By: Amr O. Aly, Aaron A. Barlow

Partners Amr Aly and Aaron Barlow and Associate Paaras Modi edited Lexology's *Panoramic: Patents 2024* and also wrote the chapter that provides an overview of patent law around the globe. Formerly called *Getting the Deal Through*, the *Panoramic* guide offers audiences a unique tool to compare laws and regulations across jurisdictions.

As editors, Amr, Aaron, and Paaras guided content that explores patent law in 28 jurisdictions as well as a chapter about case law in the Unified Patent Court's first nine months.

Their chapter, "Global Overview," highlights evolving efforts to address questions of patentability in the face of new technologies. They describe recent shifts toward centralized enforcement and more efficient patent systems focused on granting and protecting true innovations.
