

“Banks Must Understand Their AI Tools or Risk Running Afoul of the Law,” *American Banker Magazine*

Publications

June 1, 2024

In this article, Partner Michael Ross, Special Counsel Michaela Croft, Associate Sol Gelsomino, and Discovery Attorney Pejman Yousefzadeh examine the implications of AI-driven financial tools.

“Financial service providers will need to find a way to strike the right balance as technological advancements continue to emerge,” the authors explain. They then outline the recent flurry of guidance from across government related to the use of AI in business and banking.
