

Session 3 - The Law of AI's Black Box

Time: 10:00 am PDT, 12:00 pm CDT, 1:00 pm EDT, 6:00 pm BST

Date: Friday, June 13, 2025

Length: 60 minutes

Presenters: Adam Unikowsky, Aaron R. Cooper

Generative AI is heralded as a transformational technology, yet even the most sophisticated AI developers still don't fully understand how and why their models make certain decisions. This "black box" can make it difficult for organizations to determine how best to use AI responsibly. This session will address the legal implications of AI's capabilities and risks in light of these unknowns.

Those seeking CLE credit in states with pending status or if your state is not listed you should still make note of the CLE code and fill out the CLE evaluation form. We will process all CLE requests and will strive to secure accreditation. However, please be aware that the granting of credit is at the discretion of each jurisdiction. We kindly ask for your patience during the process. Due to the high volume of submissions, it can take up to 30 days for processing.
