

Jenner & Block Hosts Stablecon Reception with The Venture Dept.

Event

May 28, 2025

Jenner & Block's Fintech and Crypto Assets Practice hosted a Stablecon reception on May 28 with The Venture Dept., a venture capital firm investing in early-stage companies building next-generation financial infrastructure.

The event brought together a curated group of founders, investors, legal experts, and policymakers who are shaping the future of digital finance—from stablecoins to smart regulation.

Jenner's Fintech and Crypto Assets Practice offers deep expertise in financial regulation, government enforcement, and emerging technologies. It regularly advises clients navigating the evolving regulatory landscape in digital assets and fintech.
