

Lexology and GIR Live: Tech-Driven Investigations Workshop 2025

Event

June 25, 2025

Speakers: Rob Dalling

Partner Rob Dalling recently spoke at the Lexology and Global Investigations Review Live Tech-Driven Investigations Workshop, sharing insights on the use of technology including AI in investigations.

The event explored the use of technology in the context of a hypothetical sanctions violation, featuring a hands-on demonstration of various investigative tools and techniques. It brought together industry leaders to discuss the evolving role of tech in tackling complex investigative challenges.
